

Job Title:	Multi-Skilled Maintenance Engineer
Location:	Concorde Way, Mansfield
Full Time/Part Time:	Full Time
Salary:	TBC
Date of Release:	Monday 11 May 2026

Company Overview:

Established in 2015, the IDSL Group of companies has fast expanded to include three significant brands and currently enjoys a turnover of over £55m per annum.

One Group: Four Brands: Endless Possibilities

 <p>Integrated Doorset Solutions Ltd (IDSL)</p>	 <p>Fire Door Inspection Solutions Ltd (FDISUK)</p>	 <p>Hartland Fire Holdings Ltd (HFHL)</p>	 <p>Fire Doors Rite Ltd (FDR)</p>
<p>A leading manufacturer of performance doorsets, glazed screens and architectural ironmongery, producing high-quality frames, architrave and joinery. Integrated Doorsets blends craftsmanship with advanced manufacturing to deliver reliable, compliant products.</p>	<p>A service-focused specialist delivering fire-door inspections, maintenance, repairs, and replacements, ensuring ongoing compliance, safety, and trusted lifecycle performance across diverse sectors.</p>	<p>A specialist provider of fire-door inspections, maintenance, and compliance services for defence and public-sector environments, delivering assured safety, certified performance, and dependable long-term asset protection.</p>	<p>A specialist provider of fire-door inspections, maintenance, repairs and certified installations, supporting defence and commercial estates with rigorous compliance, trusted processes and fully traceable fire-safety assurance.</p>

The IDSL Group brings together specialist manufacturing and compliance businesses, Integrated Doorsets, FDISUK, Hartland Fire, and Fire Doors Rite, to deliver complete fire-door and passive-fire protection solutions. Through sustained investment, the Group operates three state-of-the-art manufacturing plants in the East Midlands, providing over 135,000 sq. ft of modern production space. These facilities feature advanced CNC machining, precision through-feed cutting, robotic surface coating, and the latest post-forming technology, enabling high-quality manufacture at scale with capacity exceeding 1,000 doorsets per week.

Integrated Doorsets supports major national and regional contractors across the UK and beyond, while FDISUK, Hartland Fire, and Fire Doors Rite deliver industry-leading inspection, maintenance, repair, installation, and compliance services across healthcare, education, residential, defence, and wider public-sector environments. Together they provide end-to-end lifecycle assurance backed by extensive fire-test evidence and trusted compliance processes.

The Group continues to grow responsibly, including the installation of over 2,300 solar panels as part of its PAS 2060-aligned carbon-reduction plan. Unified as a single-source provider of doorsets, ironmongery, and compliance services, our mission is simple: to deliver ultimate reliability through a culture of excellence.

Job Specification:

We're looking for a proactive and experienced **Multi-Skilled Maintenance Engineer** to join our growing team at Integrated Doorset Solutions Ltd. This is your chance to work in a fast-paced manufacturing environment where your expertise will keep production running smoothly and safely.
