RE: Extension in Validity - IFC Field of Application Report PAR/17314/01

Dear Sir/Madam,

IFC Field of Application Report PAR/17314/01 for timber screens providing 30 and 60 minutes fire resistance, expires in January 2022

International Fire Consultants Ltd (IFC) are not currently able to issue a revalidated version of this report, as additional time is required to undertake an in-depth evaluation of fire test evidence/technical data and make amendments to the approved scope.

This letter is issued to confirm IFC have extended the validity of Field of Application Report PAR/17314/01, enabling timber screens to be manufactured/installed under the scope of this Field of Application Report until 10th June 2022.

Whilst this letter does not constitute an assessment, it is issued to provide assurance that it is IFC's intent to revalidate the above referenced Field of Application Report on, or before, 10th June 2022.

We trust that this letter is of assistance at this time. Should you have any questions regarding its contents, please do not hesitate to contact me.

Yours sincerely,

STEPHEN CHILDS
Senior Fire Safety Engineer
International Fire Consultants Limited
